

## **From the Heart of the Swiss Alps to the Slopes of the Tetons**

*Swiss culinary expert is delivering traditional fare from the Alps to the wintertime scene at the base of Jackson Hole Mountain Resort — offering Swiss-inspired dishes not available elsewhere.*

### **FOR IMMEDIATE RELEASE**

December 19, 2022 JACKSON HOLE, WY — Step aside, nachos. An epic day on the slopes of Jackson Hole Mountain Resort deserves an equally unforgettable après-ski delight. This winter, at the iconic Alpenhof Lodge, a new tantalizing treat will soon take your après celebration to new heights: raclette.

A highly-specialized kind of cheese, raclette is handcrafted in the Alps with milk from Swiss cows that graze at high altitudes. Imported to the Tetons by Swiss native and owner of Swiss Peak, Olivier Gerspacher, this beloved traditional dish will be served at Teton Village's longest-operating lodge.

Raclette is carefully heated to a gentle, smooth melt, and is scraped from the wheel onto a diner's dish. Guests will enjoy tantalizing, melted-to-perfection raclette served alongside its traditional sides: tender boiled potatoes and tangy cornichons. The Alpenhof's menu will also be featuring Swiss-inspired items that aren't found anywhere else at Teton Village: reinvented fondue and other cheese-forward delicacies.

Swiss Peak is also delighted to share multiple ways in which raclette and fondue enthusiasts can create their own delectable spreads anytime they like. Located in the lobby of the Alpenhof Lodge, Swiss Peak is opening a boutique featuring exquisite tools for cooking raclette, fondue, and more. Exclusively available through Swiss Peak, these must-haves represent the finest in Swiss products and even equip adventurers to bring raclette along on their wintertime excursions.

In addition to offering top-shelf products, Swiss Peak is thrilled to offer Fondue Classes at the Alpenhof Lodge. The hour-long class (which includes a glass of Swiss wine for adult participants)

invites attendees to learn the secrets of perfect cheese fondue, and, of course, taste the mouthwatering results of their endeavor.

Both the Swiss Peak Boutique and availability for the Fondue Classes opened the weekend of December 16, 2022.

Swiss Peak, founded in Jackson Hole, specializes in exceptional Swiss products, the reinvention of traditional fondue, the organization of boutique events, gourmet catering, and customizable delivery and service. Dedicated to cultivating deep connections between the alpine communities of the Swiss Alps and the rugged mountains of Wyoming, Swiss Peak creates unforgettable experiences through extraordinary heritage and culinary expertise.
